

## Resource List for “All the Poop on Septic Reinspection Programs”, September 24, 2018.

### 1. **Rob Davis Bio:**

Rob Davis, an expert in septic system design, and a specialist in the efficient & environmentally responsible operation of septic systems, how they work, and what causes them to fail. Rob is a co-owner of EcoEthic Canada, a company that develops and sources technologies to lessen the environmental impact of both commercial and residential sewage treatment systems. For the past 20 years Rob has worked with industry professionals, government agencies and cottagers to solve wastewater challenges on site. Rob is also the star of a DVD called "Poop Talk", produced for the Coalition of Haliburton Property Owners' Associations (CHA), for their Lake Protector Series. He is a cottager, former lake steward on Lake Kashagawigamog, and shoreline advisor right here in the Highlands.
